Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

As previously disclosed, on November 15, 2023, the Listing Qualifications department (the "Staff") of The Nasdaq Stock Market LLC ("Nasdaq") notified 180 Life Sciences Corp. (the "Company", "we" and "us") that we did not comply with the minimum \$2,500,000 stockholders' equity requirement for continued listing set forth in Nasdaq Listing Rule 5550(b) (the "Rule") and Nasdaq subsequently provided the Company an extension until May 13, 2024, to regain compliance with the Rule.

Also as previously disclosed, the Company was unable to regain compliance with the Rule prior to May 13, 2024 and as a result, on May 14, 2024, the Company received a delist determination letter from the Staff advising the Company that the Staff had determined to suspend the trading of the Company's common stock and public warrants at the opening of business on May 23, 2024 and to file a Form 25-NSE with the SEC, which would remove the Company's common stock and public warrants from listing and registration on The Nasdaq Stock Market, unless the Company timely requested an appeal of the Staff's determination.

On May 17, 2024, the Company requested an appeal of the Staff's delisting determination, and on May 20, 2024, the Staff advised the Company that the delisting action referenced in the Staff's determination letter has been stayed, pending a final written decision by the Nasdaq Hearings Panel ("Panel").

At the Panel hearing, the Company intends to present a plan to regain compliance with the minimum stockholders' equity requirement. In the interim, the Company's common stock and public warrants will continue to trade on Nasdaq under the symbols "ATNF" and "ATNFW", at least pending the ultimate conclusion of the hearing process.

There can be no assurance that the Company's plan will be accepted by the Panel or that, if it is, the Company will be able to regain compliance with the applicable Nasdaq listing requirements. If the Company's common stock and public warrants are delisted, it could be more difficult to buy or sell the Company's common stock and public warrants or to obtain accurate quotations, and the price of the Company's common stock and public warrants could suffer a material decline. Delisting could also impair the Company's ability to raise capital and/or trigger defaults and penalties under outstanding agreements or securities of the Company.

The Company is continuing to work towards achieving compliance with the Rule; however, there can be no assurance that the Company will be able to complete the transactions necessary to regain compliance with the Rule.

Forward-Looking Statements

This current report contains “forward-looking statements” within the meaning of the U.S. federal securities laws. Forward-looking statements can be identified by words such as “projects,” “may,” “will,” “could,” “would,” “should,” “believes,” “expects,” “anticipates,” “estimates,” “intends,” “plans,” “potential,” “promise” or similar references to future periods. Examples of forward-looking statements in this current report include, without limitation, statements regarding the Company’s intent or ability to regain compliance with the minimum stockholders’ equity requirement, the Company’s expectation that a request for a Panel hearing would stay delisting of its common stock and public warrants pending the conclusion of the hearing process, the timing of any hearing before the Panel, the outcome of the Panel’s review of any Company appeal of the Staff’s determination, and any courses of action to regain compliance with the Nasdaq Capital Market’s continued listing requirements. Forward-looking statements are statements that are not historical facts, nor assurances of future performance. Instead, they are based on the Company’s current beliefs, expectations and assumptions regarding the future of its business, future plans, strategies, projections, anticipated events and trends, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent risks and uncertainties, and actual results may differ materially from those set forth in the forward-looking statements. Important factors that could cause actual results to differ include, without limitation, there can be no assurance that the Company will meet the stockholders’ equity requirement during any compliance period or otherwise in the future, otherwise meet Nasdaq’s compliance standards, that Nasdaq will grant the Company any relief from delisting as necessary or whether the Company can ultimately meet applicable Nasdaq requirements for any such relief, and the other important factors described under the caption “Risk Factors” in (a) the Company’s Quarterly Report on Form 10-Q for the quarter ended March 31, 2024, filed with the Securities and Exchange Commission (the “SEC”) on May 15, 2024, and (b) the Company’s Annual Report on Form 10-K for the year ended December 31, 2024, filed with the SEC on March 25, 2024, and its other filings with the SEC. Any forward-looking statement made by the Company in this current report is based only on information currently available and speaks only as of the date on which it is made. Except as required by applicable law, the Company expressly disclaims any obligation to publicly update any forward-looking statements, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise.
